ROUND-UP OF REDS IS NATION-WIDE

Department of Justice Believes It Has Broken Back of Alien Radicalism In U. S.

(By Associated Press)

Washington, Jan. 3—Arrests in the nation-wide raids last night and today had exceeded 4,500 at noon, estimated at the Department of Justice. Officials said more than half will be held for deportation. Assistant Attorney General Garvin, in charge of the raids, said more than 2,000 persons are held on "perfect cases," and that the raid promised not only to be greatest in scope but also the greatest in results of any in history.

In every city where raiding machinery was set in motion, he said success attended the efforts.

Four thousand warrants were issued but the arrests exceeded that number. The government's drag net was thrown out in two score cities where Department of Justice agents swooped down upon headquarters and other meeting places of the communists. As a result the greatest number of alien radicals ever arrested in America face the wrath of the law.

While not all those arrested will be held, officials of the Department of Justice are confident the resulting deportations will break the backbone of communist agitation in the United States.

Commissioner General of Immigration Caminetti said today deportations will require time as many hearings have to be held in various cities and then those held for deportation moved out of the country.

Attorney General Palmer said today he ordered last night's raids on communists and communist labor parties only after department representatives had complete evidence showing these two organizations advise overthrow of the government by force and violence. Both organizations are comparatively new to this country, locals having been perfected in most cases not longer ago than last September.

One Man Held In Louisville

(By Associated Press)

Louisville, Jan. 3—Ferdinand Zimmerer, German butcher and declared to be an enemy alien, was held today for further examination after a raid on the socialist hall here last night by federal agents, as a part of the nation-wide onslaught on radicals. Eighteen men and three women were found in the hall. Five were taken to the federal building and questioned but all except Zimmerer were released.

Start Trials At Once

New York, Jan. 3—Special boards of inquiry were organized at Ellis Island today to hear the cases of 200 radicals arrested here last night. The first consignment of 63 were sent to the Island today.

Meanwhile the transport Kilkpatrick, is undergoing repairs at this port and it was said at the Island today she probably would sail as a second "Soviet Ark" about January 10th.

SCHOTT WITNESS' LIFE THREATENED

(By Associated Press)

Louisville, Jan. 3—The police today announced that "Babe" Ryan, witness in the Schott case, has received another threatening anonymous letter. They said the epistle declared Ryan knew nothing about the murder of Miss Griffith; that Doctor Schott is innocent and that Ryan "was killing." Ryan has said he saw Schott leaving his office near the time the girl was killed.

The coroner's jury, after having heard all the evidence, returned a noncommittal verdict, as follows:

"We, the jury, find that the said Elizabeth Ford Griffith came to her death December 24, 1919, on the premises known as 2103 West Walnut street, Louisville, Ky., and caused by a revolver wound of the chest. We, the jury, further believe from the evidence that we are not able to determine who fired the shot that killed Elizabeth Ford Griffith."

Two of the jurors, it was learned, leaned to the theory of suicide, two believed that the girl was murdered, and two were undecided regarding the tragedy.

Great interest was manifested at the inquest in the statement made by Kate May Griffith, sister of the slain girl, and Laurene Gardener, 13-year-old companion of Dr. Schott, who, he claims, accompanied him about the city the afternoon of the murder.

Miss Griffith said that she had been told by a girl friend, Miss Anna Boswell, that Elizabeth had confided to her that Dr. Schott on one occasion said further: "Elizabeth, if you marry anyone else but me, I'll kill you."

Miss Boswell was not present as a witness but Miss Griffith said that the girl had told her and Captain George K. Jordan, Elizabeth's finance, that she was willing and ready to make the statement in court.

"We never spoke of Dr. Schott at home," said Kate Griffith. "It always brought up an argument: Elizabeth knew I hated him."

Elizabeth told her, she said, that afterwards the "old flame" sprang up when Dr. Schott saw Elizabeth again.

Laurene Gardner testified as to her assisting the physician in his delivery of Christmas presents to patients.

Coroner Carter asked the child if it were possible that she could have been absent for any length of time from the doctor that afternoon, and the child replied:

"Pestively, no. I was with him all the time except for the few minutes it took to run from the automobile to the house and back at each place where I delivered a present. The doctor still was in his machine with the engine running whenever I came back."

IS OLDEST CHAUFFEUR

Jackson, Mich., Jan. 3—This city claims the oldest automobile driver in the United States, if not in the whole world, in "Uncle" Elmore Dennis, who has driven a car for the past six years. He is in his ninety-third year.

Jap Cure For Labor Troubles

(By Associated Press)

Tokio, Japan, Jan. 3—A co-operative organization of capital and labor which would not ignore human instincts and feelings should be established throughout the world, in the opinion of Mrs. Ko-Ko Tanaka, woman adviser the Japanese labor delegation in the International Labor Conference at Washington.

Contributing her views on the labor question to the Japanese women's magazine, Mrs. Tanaka says that if such a system were inaugurated, the laborer would be emancipated from the position of a wage earner and would employ his energy with hope and zeal. She continues:

"This is no mere paper argument. Such a system is actually practiced in a ticket manufacturer at Tokio. It is a small factory with less than 50 hands. The owner leaves the management entirely to his employees. The profits are divided equally between owner and employees. The experiment has stood the test of several years and it could be applied to any factory on a much large scale."

Mrs. Tanaka believes that union recognition should be granted by the Japanese government and that the union idea should, in due time, be extended to woman labor in Japan.

STILL WANT WILSON TO CALL LEAGUE

(By Associated Press)

Paris, Jan. 3—An informal call for the first meeting of the League of Nations council will be issued by Premier Clemenceau, the Supreme Council decided today. The call is regarded as a simple notification to enable the delegates to reach the appointed place in Paris in time for the meeting, formal notice of which it is still intended to have President Wilson issue, according to the present program.

MILY SHANKS HERE AFTER 10 YEARS

Milo Shanks, editor and owner of the Elmira, N. Y., Advertiser, is spending Saturday at his old home here in Richmond, and meeting with a hearty welcome. His handsome young son accompanies him. Mr. Shanks founded the Richmond Pantagraph about 25 years ago. When he went to the government printing office at Washington a number of years ago, he sold it to Col. E. B. Smith, present proprietor. After serving at Washington for some time, Mr. Shanks purchased the New York paper and has made a remarkable success with it. Elmira is about the size of Lexington. The Advertiser averages about 12 pages a day and is regarded as one of the most progressive up-to-date papers in the great commonwealth. This is Mr. Shanks' first visit to Richmond in 25 years.

MRS. AMANDA BENTON DIES AT BRASSFIELD

Mrs. Amanda Benton, widow of the late Rev. E. Polk Benton, died at the home of her daughter, Mrs. Robert Ford, near Brassfield, Friday evening at 9 o'clock. She was 78 years of age. She was well known in the community and greatly beloved by a large circle of devoted relatives and friends. Surviving her are two daughters, Mrs. Ford, of the Brassfield section, and Mrs. Thomas Shelton, of Richmond, to whom the deepest sympathy is extended. Funeral services will be held at the Speedwell Christian church Sunday morning at 11 o'clock by Rev. D. H. Matherly.

IN AUTO CIRCLES

Mr. J. F. Foley, manager of the New Dixie Garage, is very much pleased with the outlook for spring sales, and also with the cordial reception given the new Studebaker and Chevrolet cars for which this firm is the local representative.

Even during the holidays when the majority of the people were thinking of smaller gifts that Santa would bring them, the demand for these cars was exceedingly gratifying and a number of sales were made. From a shipment of recently received Chevrolet cars have been delivered the past few days to Amos Oliver, Otto Long, Dr. H. C. Pope, and John D. Herndon.

"Cadillac Service" that is service is the boast of the Lexington Cadillac Company and the Cadillac owners in this section have found this to be true.

Repeat orders being received by Mr. J. H. Oldham, local representative for Gorrich Silvertown Cord and Mansfield tires, is very pleasing to him for it is splendid evidence that these tires have made good in every particular. He has sold hundreds of these tires in this section and reports that all indications point to an even greater demand this year.

One of the most complete stocks of tires in this city is the "Republic" line, handled exclusively by the Central Service Station. This well known make of tires is very popular with the autoists of this section and the large demand for them is very gratifying to the local representatives. That so many auto owners are buying these tires is splendid evidence that they are standing the test of hard service.

Prof. and Mrs. Paris B. Akin, of Union City, are receiving congratulations from their friends upon the arrival of a bouncing young son in their home.

SOCIAL AND PERSONAL

Cecilian Club

The closing meeting of the Cecilian club for 1919 was entertained by Mrs. Hale Dean on West Main with fifteen members present and a number of visitors. Little Gladys, Virginia and Hanna Dean opened the programme with a duet which was most attractive and very pleasing to the audience. Miss Marie Louise Kellogg played a Debussy number with a finish of technique and an understanding that proved the young artist an ideal interpreter of the impressionistic composer. Tender Ties by Dellerue and sung by Mrs. Paul Burnam with her accustomed clear enunciation was given the utmost attention and evident appreciation. Warren Smith's beautiful and brilliant Volks most appropriate the season and the occasion, was played by Mrs. Kellogg with an ease of execution that marks the gifted pianist. Mrs. Hanger just home from New York City sang a most understanding, Arthur Penn's "Smilin' Thru", evincing the splendid training recently received in the studio of her teacher, Mrs. Follows. The story of the opera "Carmen" as given by Upton was read by Mrs. McGaughy followed by the Carmen Overture a four number played by Miss Mary D. Pickels and Mrs. Kellogg with a decisive and brilliant execution which always finds a response among music lovers. Gounod's "Ring Out Sweet Bells", a most fitting farewell to the old and a welcome to the new year of Christendom was a lovely selection sung by Mrs. F. D. Chehault, the president of the club. The current events given by Miss Helen Bennett closed the afternoon of music.

The out of town guests were: Miss Louise Lee, of Danville, Mrs. Burlingame of New Orleans and Mrs. Vernon Million, of Louisville.

Dinner Dance at Arlington

Miss Elizabeth Hanger, who is home from New York City, for the holidays, was hostess at a delightful dinner dance Thursday evening. The beautifully appointed table had for its center a silver vase of red carnations. The party was one of the prettiest of the many this season.

INTEREST HERE IN BIG SHOW DEAL

The Lexington papers tell of the purchase by the Phoenix Amusement Company, of the Ben Ali Theatre and the Lexington Opera House. This sale is of much interest as considerable stock in the enterprise is held in Richmond by Miss Anna Belle Ward. The local theatres are owned by the Phoenix Amusement Company. She is manager here and district manager of the 15 houses owned by the big amusement company. Moving picture theatres are owned also at Paris, Winchester, Frankfort and elsewhere, and it is understood that the company is planning for still further expansion. The sum of \$350,000 was paid for the two new Lexington houses. It is understood the Lexington opera house is to be used for high class vaudeville and picture shows, and the Ben Ali and Strand theatres for their usual picture show programs. A number of the most prominent men in Lexington are behind the Phoenix Amusement Company, which is John B. Elliott, now perhaps the best known theatrical magnate in the south. Directors, with him are Messrs. Fred Stilz, Jake Speyer, Barney J. Tracey, Howard Wilkinson, Harry Brower, George S. Weeks, George Michler, of Lexington, and Miss Anna Belle Ward, of Richmond.

Indications come from Frankfort that the incoming legislature is practically certain to repeal the primary election law, and substitute the old mass convention plan of making party nominations. The republican state platform pledges that party to repeal the primary law, and as the republicans control the lower house by a large majority, its passage through that branch will probably be very easy.

In the Senate, where the democrats have a majority of only two votes, it is said that there are enough democratic Senators in favor of repeal of the primary law to make its enactment by that branch certain also.

Most of the present Congressmen in Kentucky are opposed to repeal of the primary law and will fight it hard, as they have found that it is far easier to win their nominations and keep them in expensive primaries than in conventions, where there is a probability of every county in district having a favorite son candidate.

The Legislature meets in Frankfort January 5th, and some interesting political moves will undoubtedly follow fast.

TWO CONGRESSIONAL CANDIDATES SURE

Gilbert and Shanks Said To Be Certain Entrants In 8th District This Year

Announcements of candidates for the democratic nomination for congress in the 8th congressional district, are expected to be coming very soon now. So far two prominent democrats are spoken of as certain candidates. They are Hon. William H. Shanks, of Lincoln county, and Judge Ralph Gilbert, of Shelby county. Others "mentioned" as possible candidates are Gordon Montgomery, of Adair county, Frank Rippy, of Anderson county, E. B. Hoover, of Jessamine county Joe E. Robinson, of Garrard county, and possibly others.

It is said to be a practical certainty that Shanks and Gilbert

90 CARS BURN IN HARRODSBURG GARAGE

(By Associated Press)
Harrodsburg, Ky., Jan. 3—Fire, due to a gasoline explosion early today destroyed garage of J. T. Ingrain, with about 90 automobiles and trucks. The loss is \$200,000.

This country and all are doing everything possible to meet the demand for their respective makes. Each and every one of these dealers will be glad to explain the merits of the cars they handle and prospective purchasers should have no hesitation in asking these dealers for further information regarding the various makes represented.

The automobile section of the Daily Register is now a new feature but from the cordial reception given it by the automobile dealers, we expect it to be a permanent one. It will appear once a week in this paper and we will endeavor to give our readers the latest news of the automobile world in Central Kentucky. Dealers in automobiles, supplies, accessories, and all other lines catering to the automobile owners, both present and prospective, will find it a splendid medium in which to bring their service and products to the attention of the general public.

Mr. Cecil Simmon, manager of the Luxon Garage, reports that three carloads of automobiles—one carload of Paige cars, one car load of Cleveland cars and one carload of Chandler cars are expected to arrive some time this month. This will be good news for those who have contracted for or expect to buy one of these popular makes as they will have their cars in plenty of time for early spring driving.

One of the newest, yet most enterprising automobile concerns in Lexington, is the Jewell-Hawthorne Motor Co., located at 544-546 West Main street. Through the columns of the Daily Register this firm extends the autoists of Madison and adjoining counties an invitation to call while in Lexington. Those who take advantage of this invitation will find the gentlemen comprising this firm exceedingly courteous and accommodating.

A NERVOUS WRECK

From Three Years' Suffering. Says
Cardui Made Her Well.

Texas City, Tex.—In an interesting
statement, Mrs. G. H. Schill, of this town,
says: "For three years I suffered untold
agony with my head. I was unable to
do any of my work.

I just wanted to sleep all the time, for
that was the only ease I could get, when
I was asleep. I became a nervous wreck
just from the awful suffering with my
head.

I was so nervous that the least noise
would make me jump out of my bed. I
had no energy, and was unable to do
anything. My son, a young boy, had to
do all my household duties.

I was not able to do anything until I
took Cardui. I took three bottles in all,
and it surely cured me of those awful
headaches. That has been three years
ago, and I know the cure is permanent,
for I have never had any headache since
taking Cardui...

Nothing relieved me until I took Cardui.
It did wonders for me."

Delightful Stag Party

Mr. William E. Luxon was the
genial host to an elaborate dinner
New Years night, in honor of the
officials, buyers and assistants of the
Home Tobacco Warehouse. The menu
consisted of all the season's choicest
edibles most attractively served. The
dinner table had for its center a
handsome basket of poinsettias, and
the color scheme red and green was
carried out in the drawing rooms and

Christmas Sing

There was no entertainment during
the yuletide which reached as many
people and gave more pleasure than
the wonderful "Sing" composed of
carols and music, appropriate to the
season, given at the Christian church.
The event has been complimented
greatly and we are sure Mrs.ickels
who had the planning of it feels
proud of the results.

The offering taken for the associ-
ated charities was a bountiful one.
This "Christmas Sing" was given
everywhere either as a concert, or by
carols, in the streets, and was in
accord with the request of Mrs. F. A.
Seiberling, the president of the Na-
tional Federation of Musical Clubs.
Richmond is especially interested in
the aims of this movement, and in the
forming of a state federation. Ken-
tucky is one of the few states not
getting organized. It is generally
known here that we can boast of
eight musical clubs; four members of
the A. F. M. C., and four juniors
working toward that goal. Mrs.
Piekels is the district president, in-
cluding Kentucky, Tennessee, Mis-
sissippi and Alabama, which has been
named the Dixie District. Mrs. B.
L. Middleton is the Kentucky state
president and Mrs. Harvey Chenault
Federation secretary. These women,
are putting time and energy into this
work, and they need the support and
interest of their home town. The
other clubs in the state are respond-
ing and from time to time something
worth while will be given in music
worth while in music will be given
for which is asked your sympathetic
and generous consideration.

Charming Christmas Dance

The Christmas cotillion Wednesday
evening was one of the most enjoy-
able of the many social events of
the season. The Hall was made attrac-
tive by the Christmas decorations
which were used in profusion, the
music was excellent. Mr. Robert
Telford and Miss Alice Clark Kellogg
were the leaders of the Grand March.
A number of out of town guests were
present among whom were Miss Edwin Morrow, of Frank-
fort, Miss Rilla Jesse, of Versailles,
and Miss Mildred Gatewood, of Mt.
Sterling, the guests of Miss. Patsy
Rossen, Mrs. Keats Speed, of New
York City, Miss Florence Simrall, of
Lexington, Miss Hinton, of Paris,
Miss Collins, of Lexington, Miss Hen-
derson, of Georgetown, and many

LALLEY LIGHT and POWER

For Farms and Rural Homes

Announcement!

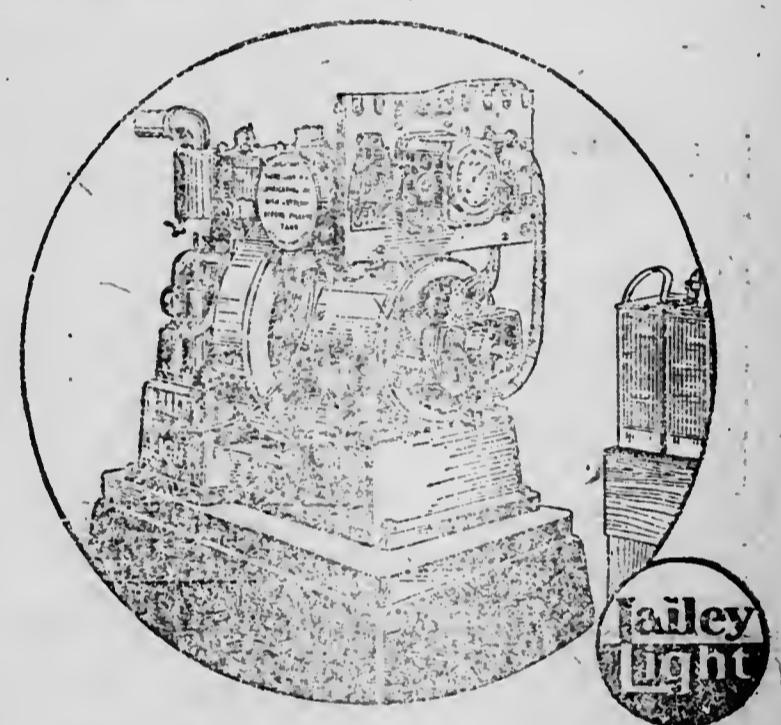

We have secured the exclusive fran-
chise for selling the well-known Lalley
Electric Light and Power Plant in this
territory.

For some time we have noticed that
the progressive farmers of this section
are realizing that economical and re-
liable electricity is just as important—
if not more so—to the proper develop-
ment of their farming business and to
the comfort of their homes, as the tele-
phone, the daily mail, the automobile,
and the most valuable labor-saving
farm machinery.

It is our intention to give the residents
of this community the very best ma-
terial and the best of service for its
maintenance.

When we decided to sell an electric
light and power plant, we set out to
secure that plant which, in our opinion,
had proven itself to be the most reli-
able, the most economical, and in every
way the best investment for our pur-
chaser.

We chose the Lalley Light plant, manufactured by the Lalley Light Corporation of Detroit, Michigan, one of the largest manufacturers engaged exclusively in the production of farm electrical equipment.

Lalley Light is a complete unit—engine and generator—with
16 cell storage battery. It supplies ample electricity for
lights, water pump, washing machines, sweepers, cream
separators, churning mill, iron, etc.

Our Personal Word Is Behind the Lalley

The Lalley Light plant has been in successful use on farms and elsewhere for ten years. It has only three moving parts; it is ball bearing equipped; it will furnish ample electric light for your home and outbuildings, and electric power to operate a complete water system, a churn, vacuum cleaner, an electric iron, a washing machine, an electric fan, and any other domestic electrical apparatus you may desire or need.

Come in and visit us so that we can show you this Lalley Light plant, or telephone us and we will go to your house.

DON'T DEPEND ON SPRING DELIVERIES

Spring deliveries of Ford cars have never been certain, and they should not be depended upon. Demand has always been greater for Ford cars than the supply or production. So, if you would be sure of having a Ford car, buy it now while deliveries are possible. Don't wait—even next month is an uncertainty.

Only a limited, specified number of cars has been allotted to this territory. That allotment cannot be increased, because the demand all over the country is greater than the supply or production. Get your order in now, and you will be one of those who is sure of a Ford car out of our allotment.

It's first come—first served. All orders are filled in rotation. So, if you would be fore-handled, if you would be certain of having a Ford Car when you want it—then you will buy a Ford car now. A signed order with us is your protection. It is the result of the wisdom of looking ahead.

If you buy a Ford car now, don't think you have to "store" it. The Ford is a car made to serve its owner for business or pleasure throughout the entire year. Ford owners have long since come to recognize the fact. It is no longer popular to lay-up your car for the winter. Buy a Ford car now, and use it now.

JIM ALLEN IN CYNTHIANA

DEMOCRAT

A Missouri newspaper man refused to print a notice of the death of a merchant who never advertised on the ground that "people who don't advertise in the home paper never were alive and their passing away has no value."

If the Republicans nominate Gen. Leonard B. for President, the Democrats can ascertain whether there is any virtue in knocking on Wood.

It has been disclosed that Gov. Edwin P. Morrow's middle name is "Porch." From the way he mounted one Jas. D. B., we'll say he is some Porch-climber.

TRUCK DEALERS
MEET NEXT MONDAY

The Central Kentucky Truck Dealers' Association expects to make plans for a truck demonstration tour of the blue grass at its next meeting which is to be held Monday evening at the office of the Board of Commerce in Lexington. It is expected that the tour will be made soon after the first of the year and every available make of commercial car in this section will be represented in the convoy, which will demonstrate the practicability of trucks for hauling purposes and arouse interest in the machines sold by members of the association. A large per cent of the automobile men in Lexington and other blue-grass cities who handle trucks have become members of the association and it promises to become an important factor in the trade.
